

DAVID LEGER

DESIGNER, CODER, CREATOR.

www.davidleger.me | davidleger95@me.com

Hey, I'm David! I'm a third year Software Engineering student at the University of New Brunswick (UNB). Writing code is more than just a job to me; it's part of who I am. I believe that software development is an art which necessitates the blending of creative thought and technical skill. I am driven by a ceaseless desire to build something that changes the world.
